## EASTER IS UNDERWAY!

Easter comes early this year. Already store shelves are overflowing with copious amounts of jellybeans, chocolate bunnies, and sugary peeps in every color of the rainbow.

Remember to take care of your teeth during this sweet holiday. The components of Easter candy contribute to tooth-decay and cavities. Here are a few non-sugar treats you can add to Easter Baskets to cut down on the sugar rush!

- Nuts. Pistachios, almonds, and peanuts.
- Beef Jerky.
- Cheese sticks.
- Dyed hard-boiled eggs
- Whole fruit like small apples or strawberries
- Sugar-free gum
